

## Oxy-Ply

Made of a single sheet of ply, the Oxy-Ply is lightweight and sturdy with full lumbar support.

Oxy-Ply comes in many variations with options including:

- arm or without arms
- high back or low back
- open back for easy cleaning
- multi-seat
- matching foot stool
- stool with or without cushioned seat

The easy to adjust configurations caters for a variety of end uses including commercial lounge seating, aged care facilities, hospitality and breakout areas.
